CARDSONLINE MYCLOUD

CLOUD BASED BADGING SOLUTION FOR ALL TYPES OF CUSTOMERS

CardsOnline MyCloud offers a professional, user-friendly and state-of-the-art badging platform for card design, fast enrollment and printing. Partners who use CardsOnline MyCloud control their own dedicated cloud-based platform from which they manage their clientele. Each customer receives an individual account, that allows them to design and produce cards, manage data as well as customize the appearance of CardsOnline MyCloud to their preference.

SOFTWARE AS A SERVICE

All the customer accounts and data are hosted by ScreenCheck and stored in a secure cloud environment. Customers access CardsOnline MyCloud using a web browser, anywhere, anytime.
